

Our MISSION

At DIADEM Sports, we design and develop industry-leading technology to improve and further promote the sport of pickleball. Our continuing mission is to provide superior performing pickleball equipment for players of all levels across the globe. We are committed to help players and coaches elevate their game and maximize their success. Our goal is to become the #1 globally recognized pickleball brand.

WARRIOR

The **DIADEM WARRIOR** Paddle is a revolution of the pickleball paddle. Designed with multiple new technologies developed by Diadem Sports that enhance the playability of the modern paddle. The **3X L-Core** enables a player to feel the ball better on dinks while still creating power on hard hits. Three different honeycomb types are sandwiched to achieve a **19 mm core thickness** which gives the player an incredibly solid and stable feel. Before the Warrior, this sort of thickness wasn't achievable without an enormous grip. However, the Taper Tech molded handle has allowed the Warrior to have a comfortable and **slim 4 1/8th grip size**. Add in the unique **Grit Paint** for excellent spin potential and the Warrior becomes the most complete paddle on the market. Weighing in at **8.5 oz.**, the balance and comfort of the design makes it easy to wield. As with the Icon, the Warrior uses the **highest quality carbon fiber, Polypropylene honeycomb**, and introduces the **Aramid honeycomb** for power.

**USAPA
APPROVED**

- 3X L-CORE

WARRIOR

WARRIOR EDGE

**USAPA
APPROVED**

The **DIADEM WARRIOR EDGE** is an aggressive take on the legendary Diadem Warrior paddle. At **16 mm** thick and introducing our **Aero Guard channel edge guard**, the Edge is incredibly maneuverable allowing for quick reset recoveries. Our **Etched Carbon Fiber Face** allows for long lasting spin production and a face that can stand the test of time. With a **single 8 mm pp honeycomb core** the consistency across the entire surface is unmatched and will allow the competitive player to hit their targets with precision.

At **only 8.0 oz.** the Warrior Edge is a paddle that a wide range of players can use. Whether you are a recreational or competitive player, you will enjoy the 1/8th inch grip with our famous **Comfort Max technology** giving you complete comfort with ultimate control.

ICON

The **DIADEM ICON PADDLE** was designed to take the game of pickleball to the next level. Utilizing a high grade Japanese sourced **carbon fiber**, the face is the perfect blend of stiffness and comfort for a soft but powerful feel. In the core our **8 mm PP honeycomb** allows you to play comfortably from the baseline with easy power. **Spin RP**, our proprietary **two component polyurethane coating** allows the Icon to be the most spin friendly USAPA approved paddle on the market. It is perfectly balanced and beautifully designed with a sleek **replaceable edge guard** and high end graphics. The Icon is the next generation of pickleball paddles.

VICE

BY DIADEM
PATENT PENDING

The **DIADEM VICE PADDLE** was designed to take the game of pickleball to the next level. This revolutionary new concept paddle includes technology never seen before in a pickleball paddle. The unique **RP2 Grit Coating** combines grit paint with a **PU coating** to lock in long lasting spin production.

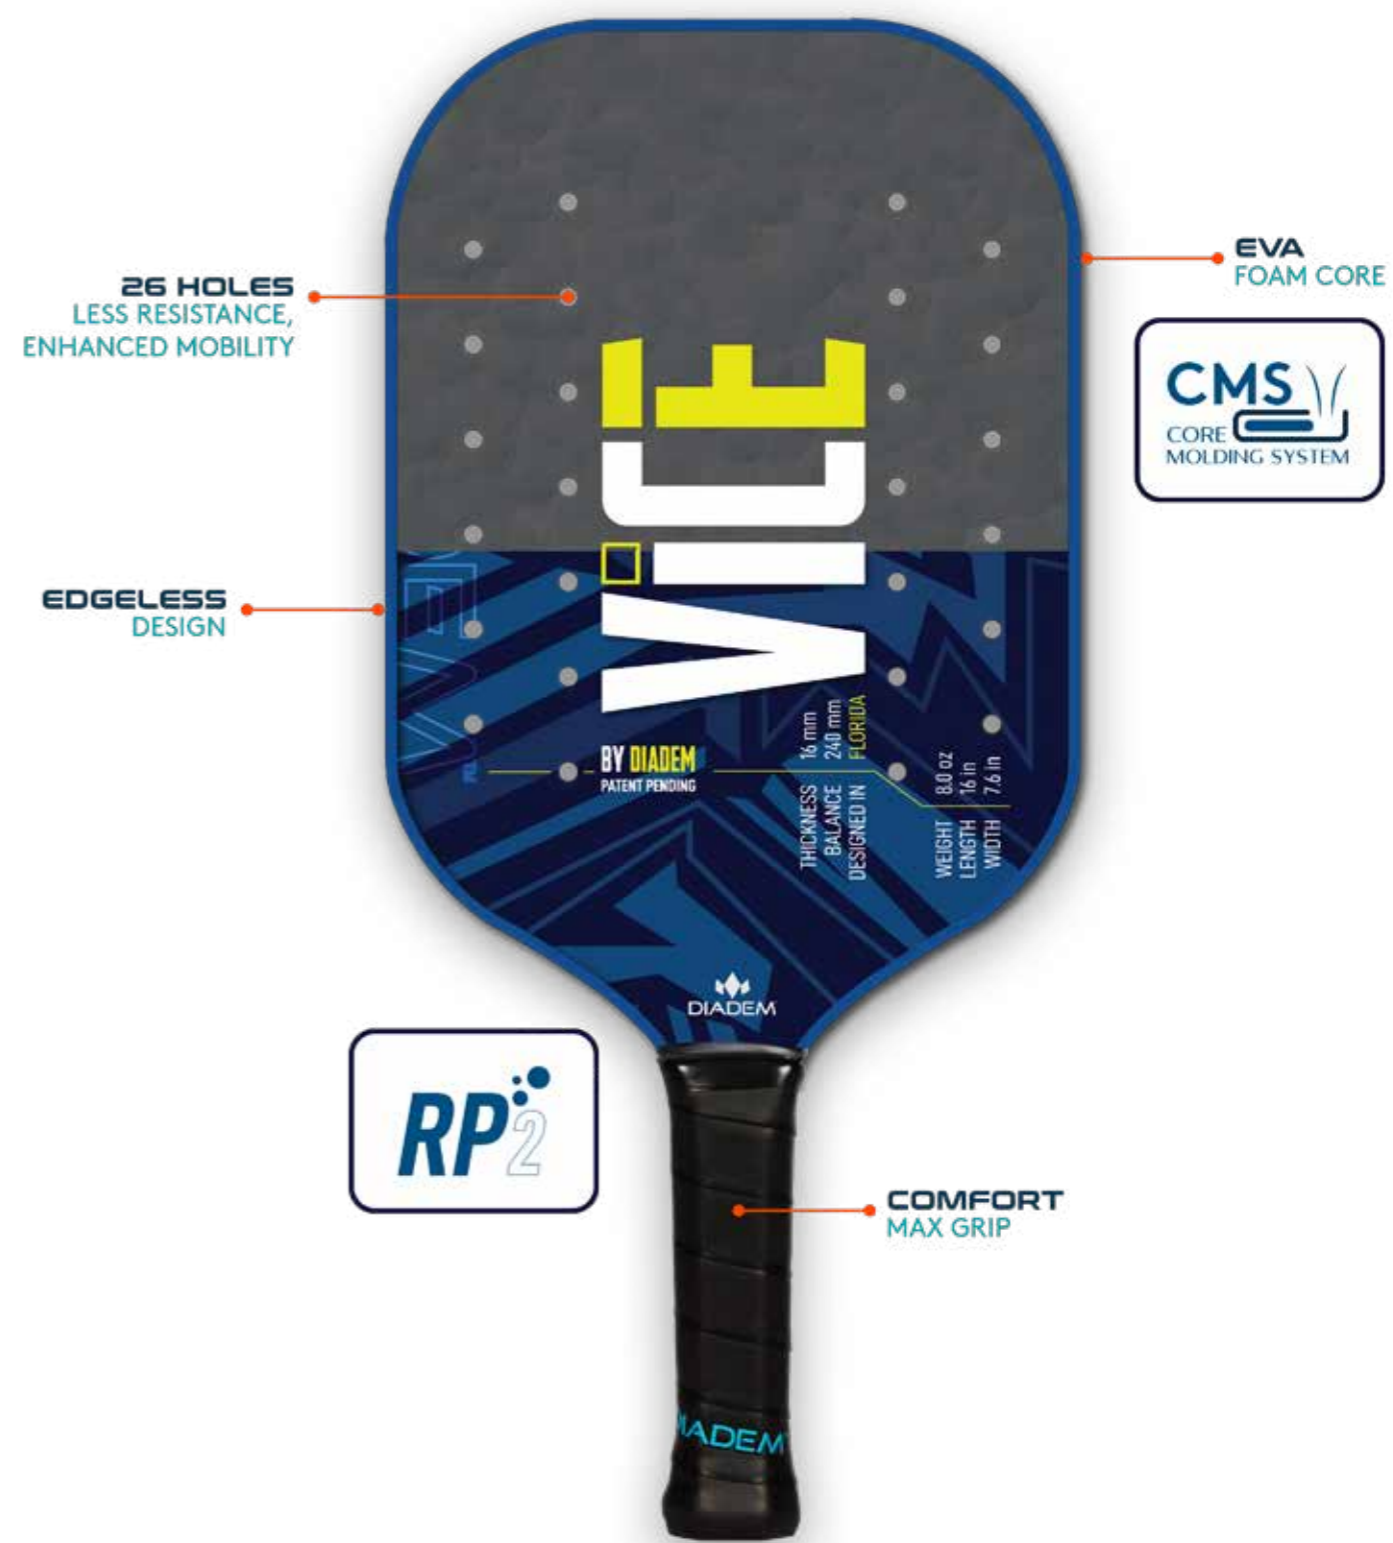

The Vice Paddle introduces the use of **EVA foam** as a core material giving the user the ultimate feel combined with power and control. Players no longer have to sacrifice power for control or spin for touch. The **EVA foam** also provides a unique, dampened sound that players will enjoy. Additionally those players with arm issues who are avoiding stiff paddles will benefit from the softest paddle on the market.

The Vice paddle also introduces our new **Core Molding System (CMS)** which allows for an edgeless look and feel. Using molded high grade carbon fiber the sides of the paddle are protected with a unique proprietary material with the layers of the carbon fiber mold that is tough enough to handle ground scraping.

The game of pickleball will never be the same once you experience it with the Vice paddle. A revolutionary paddle 5 years ahead of anything on the market today.

Not meant for USAPA tournament play. This concept paddle is a glimpse into the future and the foundation of Diadem's tournament paddles launching in 2023.

TEAM

DIADEM RIPTIDE

The **DIADEM RIPTIDE PADDLE** is the perfect option for the serious pickleball player not looking to break the bank. Perfectly balanced and easy to swing, you will be able to enjoy the game of pickleball right away. Choose between the true Diadem teal, or the electric yellow. The RIPTIDE paddle uses **HMT Fiber**, a blend of hot melt glass fiber to give power to your baseline strokes and put-aways as well as a rough surface to get added spin. The thick bumper prevents any scratches to the paddle surface as you learn the do's and don'ts of the game. A **.55 in./12 mm thickness** with an **8 mm honeycomb cell interior structure** mimics our high-end Icon paddles for added power. The next pickleball world champion starts here.

USAPA APPROVED

	WEIGHT	LENGTH	WIDTH	THICKNESS	BALANCE	HONEY COMB	GRIP SIZE	GRIP LENGTH
RIPTIDE	7.6 oz.	16 in.	7.6 in.	13.97 mm	240 mm	8 mm PP	4 in.	5 in.

HERO

The **DIADEM HERO PADDLE** is the perfect paddle for the first time pickleball player. **Low cost and comfortable** to use, this paddle is ideal with which to learn the game of pickleball. Its wide face gives you the maximum surface area to contact the ball as you learn the game. Utilizing the same **HMT Fiber** as our Riptide line, the Hero is light weight and easy to swing. The thicker bumper prevents damage during your learning days on the court. At **.55 in** thick with an **8 mm honeycomb core**, power will be easy to come by.

EQUIPMENT

PICKLEBALLS

AVAILABLE MARCH 2023

The Diadem Premier Power Pickleball Ball known as the **Power Ball** is the official ball of Power Pickleball, the fastest growing pickleball competition encompassing leagues, tournaments, and clubs. This USAP Tournament approved ball is the new standard in single mold seamless construction. Utilizing an incredibly durable plastic, the hard material and 40 equal size holes makes it ideal for outdoor play. This ball is considered a fast ball due to its hardness which places it in the upper end of the USAP allowance.

Tested in extreme conditions you can expect long lasting durability in weather as cold as 45 degrees. Consistent and reliable, bangers and dinkers alike will enjoy the ball's ability to maintain its round shape over the life of the ball.

Our outdoor **Premier 40 pickleball** offers a true bounce and long lasting durability. Made with high quality **PET plastic**, these balls are ideal for training. They will last up to 3 times longer than competitor's balls with our proprietary formula and laser melt construction.

BALL CART

Capacity: 100 PICKLEBALLS

Introducing the next evolution in portable ball carts. We designed this cart to be incredibly stable and sturdy with unique cross configuration legs, larger PU wheel, and netting on the lower portion of the bag to allow airflow in windy conditions. Easy lock rings clip on allowing you to take the bag off when you want, while keeping it secure when you don't. No buttons, Velcro, or buckles that will break down.

Large, PU wheels designed to handle bumps while transporting the basket to the courts.

Easy fold and unfolding allows for easy transportation with a carry bag available.

PADDLE BAGS

PADDLE BAG

The Diadem Paddle Bag is ideal for the serious Pickleball player. With the ability to fit 10 paddles and a change of clothes, nothing needs to be left behind. The main compartment has a U-shaped zipper for easy access to all your gear and a separate shoe compartment on the side. It also features several side compartments so that your items keep separated. Made of high-quality nylon, the Paddle Bag matches your Diadem paddle and keeps you stylish on court.

- 3 main paddle compartments with main section U-shaped zipper for easy access.
- Separate shoe compartment.
- Side Pockets - with internal organization for small items.
- High quality nylon material with reinforced bottom.
- Adjustable handles.
- Colors: Black
- Dimensions: L 21" x W 11" x H 12"

TOUR BACKPACK

Matching perfectly with the other Tour bags, this multi-use backpack can hold up to 3 paddles comfortably and securely. Multiple interior pockets allow you to separate and organize all your gear and electronics. Side and top small item pockets ensure your items don't get lost and access to a shoe compartment underneath the bag keeps your items separated.

- Two main compartments with separated pouches
- Holds up to 3 paddles comfortably.
- Super padded and adjustable backpack straps.
- Quick grab padded handle on top.
- Multiple accessories compartments around the bag, including a laptop sleeve.
- Separate shoe compartment with access on bottom of bag.
- Dimensions: H18" x W13" x D8"

DUFFEL BAG

This all-purpose duffel bag is ideal for the player looking for extra room for their clothes, or a smaller bag for a day at the gym. Showcase the Diadem Teal and Navy, or keep it mean with black and chrome, this duffel can be carried by hand or over the shoulder with adjustable straps.

- One main compartment with a U-shaped zipper for easy access.
- Separate shoe compartment.
- Small side pocket and internal organization for small items.
- High quality nylon material and sturdy bottom for durability.

Performance, You Can Feel

PRO TOUCH OVERGRIP

Diadem Pro Touch Grip is a thin and tacky grip with a soft feel. Designed with a newly developed polyurethane material that allows for incredible sweat absorption in a thin and long lasting tacky feel.

MARKET

This grip is designed to work in high humidity as well as dry or cold environments. Its increased tack will remain through sweat and play. Designed for players who like increased tackiness but are not looking to add thickness to their grip.

BEST USE

At .6mm, Pro Touch is our thinnest grip. If the grip becomes wet during play you can pat dry it with a towel and the tackiness will return.

Available Colors

Black, Pink, Blue, White, Teal

Grip Type

Pro-Tch-1	1 grip
Pro-Tch-3	3 pack
Pro-Tch-12	12 pack
Pro-Tch-30	30 pack
Pro-Tch-50	50 pack
